Sales Tax Rate Change Summary

To: All retailers and servicepersons conducting business in taxing jurisdictions whose sales tax rate is changing, effective July 1, 2017

This bulletin is written to inform you of recent changes; it does not replace statutes, rules and regulations, or court decisions.

Effective **July 1, 2017**, certain taxing jurisdictions have imposed a local sales tax or changed their local sales tax rate on general merchandise sales. The following taxes are affected:

- business district sales tax
- county public facilities tax
- county school facilities tax
- home rule sales tax
- non-home rule sales tax

These local sales taxes are referred to in this bulletin as “locally imposed sales tax.”

You must adjust your cash register and any computer program so that beginning on July 1, 2017, you will collect and pay the correct sales tax. You need to contact your software vendor if you use software to create your forms.

To verify your new combined sales tax rate (i.e., state and local sales taxes), go to the **Tax Rate Database** on our website at tax.illinois.gov and select rates for July 2017.

What is taxed?

The same items of general merchandise reported on Line 4a of Forms ST-1 and ST-2 that are subject to state sales tax are also subject to the locally imposed sales tax.

Locally imposed sales tax does not apply to

- sales of qualifying food, drugs, and medical appliances¹ that are reported on Line 5a of Forms ST-1 and ST-2; or,
- items that must be titled or registered by an agency of Illinois state government and reported on dealer-filed transaction returns.

Note: Some jurisdictions may impose and administer taxes *not* collected by the Illinois Department of Revenue. Contact your municipal or county clerk’s office for more information.

How do I report an earlier sale that was subject to a different tax rate?

If a sale was subject to a sales tax rate different from the current sales tax rate, report this sale on Line 8a of Forms ST-1 and ST-2.²

Note: Line 8a is used only to report sales subject to a different sales tax rate. No other use of Line 8a is permitted.

Where can I find tax rate changes or combined sales tax rates?

The chart below outlines the sales tax rate for each jurisdiction that has imposed a change in local sales tax rates collected by the Department of Revenue, effective July 1, 2017. For a complete list of all sales tax rates, go to the **Tax Rate Database** on our website at tax.illinois.gov.

How do I know if my sales are subject to a business district sales tax?

Your business address determines whether business district sales tax applies to your sales.

Refer to our **Tax Rate Database** on our website at tax.illinois.gov for a list of addresses.

To verify a tax rate or business district address, select July 2017 on the **Tax Rate Database**.
