

 Illinois Department of Revenue
2017 Schedule ICR IL-1040 Instructions

General Information

What's new for 2017?

The Illinois Earned Income Credit is now reported on Schedule IL-EIC.

For tax years beginning on or after January 1, 2017, the Illinois Property Tax Credit is not allowed if the taxpayer's adjusted gross income for the taxable year exceeds \$500,000 for returns with a federal filing status of married filing jointly, or \$250,000 for all other returns.

For tax years ending on or after December 31, 2017, the maximum amount of the K-12 Education Expense Credit has been increased to \$750 per family. The K-12 Education Expense Credit is not allowed if the taxpayer's adjusted gross income for the taxable year exceeds \$500,000 for returns with a federal filing status of married filing jointly, or \$250,000 for all other returns.

What is the purpose of Schedule ICR?

Schedule ICR, Illinois Credits, allows you to figure the total amount of property tax and K-12 education expense credits you may claim on Form IL-1040, Individual Income Tax Return.

What must I attach to Form IL-1040?

If you enter an amount on Form IL-1040, Line 17, you **must** attach Schedule ICR and any other required documentation listed in the "Step-by-Step Instructions" of this schedule to your Form IL-1040.

Note We will review the credits you claim and, if necessary, we may ask you to provide additional information to verify your credits.

Am I eligible for a property tax credit?

You may figure a credit for the Illinois property taxes you paid in 2017 on your principal residence (not a vacation home or rental property) for the time you owned and lived at the property during 2016, if that residence was in Illinois. Nonresidents of Illinois may not take this credit.

You may not figure a credit for mobile home privilege tax, penalties, or fees included in your property tax bill, or the portion of the property tax that is deductible as a business expense.

Note If you are married and both you and your spouse qualify for a property tax credit on your principal residence, and you are filing separate Illinois returns, you may each claim a property tax credit. However, the total amount of credit claimed between both spouses may not exceed 5 percent of the qualifying property tax.

Tip Illinois property you purchased

You **may** figure a credit for Illinois property you purchased during 2016 providing you figure only that portion of your taxes that pertains to the time you owned and lived at the property during 2016. You may not take a credit for taxes you paid if the seller reimbursed you at the time of closing. You also may **not** take a credit on your 2017 return for property you purchased in 2017.

Tip Illinois property you sold

You **may** figure a credit for Illinois property you sold in 2017 by combining the 2016 property tax paid in 2017, as well as a portion of the 2017 tax paid based on the time you owned and lived at the property during 2017. You may **not** take a credit on your 2017 return for property sold during 2016.

For more information, see Publication 108, Illinois Property Tax Credit.

Am I eligible for a K-12 education expense credit?

You may figure a credit for qualified education expenses, in excess of \$250, you paid during 2017 if

- you were the parent or legal guardian of a full-time student who was under the age of 21 at the close of the school year,
- you and your student were Illinois residents when you paid the expenses, and
- your student attended kindergarten through twelfth grade at a public or nonpublic school in Illinois during 2017.

You must complete Section B of Schedule ICR, including the K-12 Education Expense Credit Worksheet to claim this credit.

Attach any receipts you received from your student's school. For more details, see Publication 112, Education Expense Credit General Rules and Requirements for Schools.

Note If you home school your child(ren), see Publication 119, Education Expense Credit General Rules and Requirements for Home Schools.

Attach receipts for education expenses.

Note If you are the parents or legal guardians of a qualified student and you are filing separate Illinois returns, you may each claim an education expense credit. However, you both may not claim a credit for the same expenses, and the total amount of credit claimed between both parents or guardians may not exceed \$750.

Tip Qualified education expenses

Education expenses that qualify for this credit include

- **tuition** (including summer school classes meeting elementary or secondary graduation requirements).
- **book fees** covering the rental of books that were required as a part of the school's education program.
- **lab fees** covering the use of supplies, equipment, materials, or instruments that were required as part of a lab course in the school's education program.

For example, if you rented a musical instrument from the school (not from a business)

- for a class, or
- for participation in an extracurricular activity that resulted in a credit toward completion of the school's education program, this rental expense qualifies as an education expense.

Education expenses that do not qualify for this credit include

- expenses paid to a daycare, preschool, college, university, independent tutoring service, or trade school.
- expenses paid for the purchase of supplies, books, or equipment that are not significantly used up during the school year (*e.g.*, purchasing musical instruments, costumes for a play).
- expenses paid for the use of supplies, equipment, materials, or instruments if the program does not result in a credit towards completion of the school's education program.
- expenses paid directly to a business (*e.g.*, renting a musical instrument from a music store).
- expenses for after school care, even if paid to the school.
- expenses paid for yourself or your spouse.

For more details, see Publication 132, Education Expense Credit General Rules and Requirements for Parents and Guardians.

What if I need additional forms or schedules?

If you need additional forms or schedules,

- visit our website at tax.illinois.gov or
- write to us at **Illinois Department of Revenue**, P.O. Box 19010, Springfield, Illinois 62794-9010.

What if I need additional assistance?

If you need additional assistance,

- visit our website at tax.illinois.gov,
- call **1 800 732-8866** or **217 782-3336** (TDD, telecommunications device for the deaf, at **1 800 544-5304**),
- write to us at **Illinois Department of Revenue, P.O. Box 19044, Springfield, Illinois 62794-9044**, or
- visit a regional office.

Our office hours are 8:00 a.m. to 5:00 p.m. (Springfield office) and 8:30 a.m. to 5:00 p.m. (all other regional offices), Monday through Friday.

Step-by-Step Instructions

Step 1: Provide the following information

Enter your name and Social Security number as shown on your Form IL-1040.

Step 2: Figure your nonrefundable credit

Lines 1 through 3 — Follow the instructions on the form.

Section A: Illinois Property Tax Credit

Line 4a — Enter the total amount of Illinois Property Tax paid during the tax year for the real estate that includes your principal residence.

Line 4b — Enter the name of the county and the property number, sometimes called “property index number,” “parcel number,” or “permanent number” for the property listed on Line 4a.

Note You must enter your property number exactly as it appears on your property tax bill or assessment notice. Your property number is found near the top of your property tax bill or assessment notice. If your property taxes are paid through your mortgage, you may contact your lender for your property number.

You may also get this number from your county assessor’s office. A list of counties, with contact information, is under the “Individuals” section of our website.

Note If you and your spouse each have a principal residence and have included the property tax paid on both residences in Line 4a, enter the county and property number for the second residence on Line 4c.

Lines 4c and 4d — Enter the name of the county and the property number for any lots that

- adjoin your principal residence,
- are used for residential purposes, and
- you included when calculating the total amount of property tax paid on Line 4a.

Line 4e — Enter the portion of your tax bill that is deductible as a business expense on U.S. income tax forms or schedules, even if you did not take the federal deduction.

Lines 4f through 6 — Follow the instructions on the form.

Note If you will not claim a K-12 Education Expense Credit in Section B, enter “0” on Line 8 and continue to Section C, Line 9.

Section B: K-12 Education Expense Credit

Note You must complete the K-12 Education Expense Credit Worksheet on the back of Schedule ICR before completing this section.

Line 7a — Enter the total amount of K-12 education expenses from Line 11 of the worksheet on the back of Schedule ICR.

Lines 7c through 8 — Follow the instructions on the form.

Attach any receipts you received from your student’s school.

Section C: Total Nonrefundable Credit

Line 9 — Add Lines 5 and 8, and enter this amount on Form IL-1040, Line 17.

K-12 Education Expense Credit Worksheet

Lines 10a through 10j— Complete one line for each qualifying student, filling out Columns A through G using the following instructions.

If a student attended more than one school during the tax year, please use a separate line for each school.

If you need more space, you may attach a separate piece of paper following this format.

Column A - Enter the first and last name of the student.

Column B - Enter the full Social Security number (or taxpayer identification number, if applicable) for the student listed in Column A.

Column C - Enter the student’s grade K-12 (kindergarten through twelfth grade).

Column D - Enter the name of the Illinois school the student attended during the year, or enter “home school,” if applicable.

Column E - Enter the name of the Illinois city where the school is located.

Column F - Indicate the type of school the student attended during the year. Check

- “P” for public school
- “N” for non-public school
- “H” for home school

Only check one box.

Column G - Enter the total amount of tuition, book fees, and lab fees paid at the school where the student is enrolled during the regular school year.

Line 11 — Follow the instructions on the worksheet to figure your qualified education expenses. Enter the total on Step 2, Line 7a of Schedule ICR.
